

EMENIKE SAMUEL

SOFTWARE DEVELOPER

OBJECTIVE

Innovative and detail-oriented Software Developer with strong experience in **Python, React Native, Django, Tailwind, and JavaScript**. Adept at designing, developing, and deploying scalable applications. Passionate about creating seamless user experiences and leveraging modern technologies to solve real-world problems.

EXPERIENCE

Software Developer | Freelance Projects

Jan 2023 – Present

Managed the design team and mentored junior designers to improve design quality and efficiency. Created wireframes, prototypes, and high-fidelity mockups for a variety of web and mobile projects. Worked closely with clients to understand their needs and goals and translate them into effective design solutions.

Freelance Software Developer | Social & Productivity Apps

Sep 2022 – Dec 2022

- Developed a task management app for teams with real-time notifications and file sharing.
- Built a social media mini-app for a local community, allowing posts, comments, and messaging.
- Implemented push notifications, media upload, and secure login features in mobile apps.
- Optimized app performance for both **iOS and Android** platforms.

Software Developer Intern | LASU Tech Hub

Jun 2022 – Aug 2022

- Assisted in building web applications using **Django** and **React** for local clients.
- Implemented **RESTful APIs** to connect front-end and back-end systems.
- Conducted testing, debugging, and documentation to ensure app quality.
